

Consulting Services

Healthcare Public Safety & Security Consultants

About Us

We have a 20+ year history of working in and consulting healthcare facilities. With backgrounds in quality, risk management, life safety, environmental safety, emergency preparedness, and public safety we can provide a holistic approach tailored to your facility.

Our consulting and coaching services utilize cognitive-behavior approach and appreciative inquiry to provide recommendations or share best practices to develop or enhance your program. We also provide both short and long-term strategies to support your efforts to reduce risk and improve your safety climate.

Why Choose Us

We focus on your business strategy, culture, performance improvement, and results.

Our roots are in healthcare, regulatory compliance, and safety. Our focus on human behaviors such as customer service, training, collaboration, and teamwork ensures that your culture supports and sustains performance improvement efforts.
